

Barnes Farm Infants Year Two SATS meeting

April 20th 2017

What are the Key Stage 1 SATs?

- ▶ A series of Statutory tests in Reading and Maths taken by the children at the end of Year 2.
- ▶ Schools may choose to administer the 2017 KS1 English grammar, punctuation and spelling test and use the result to inform teacher assessment, but there is no requirement to do so.
- ▶ There are six papers altogether across English and Mathematics.
- ▶ All Year Two children around the country will be taking their SATS assessments in May, with final assessments being sent to county at the end of June.
- ▶ We will report the children's results to you at the end of the school year.

What will it look like at Barnes Farm Infants?

- ▶ The first thing to say about the Key Stage 1 tests is that your child may be completely unaware that they are taking them.
- ▶ At Barnes Farm Infants, we have considerable flexibility in how we implement the tests and much of it will feel like a normal classroom day.
- ▶ Our class teachers will do their best to ensure that children are not at all concerned about the tests. To allow this, the tests do not need to be taken on a specific day, but can be throughout the month of May near the end of Year 2, with pupils either individually, in groups or all together as a class.

Reporting SATs

- ▶ An average Year Two child will meet the ‘expected’ standards at the end of Year Two.
- ▶ Key Stage tests will provide children with a scaled score, which the teachers use to inform their final judgement at the end of Year 2.
- ▶ Schools can choose their own assessment methods during the child’s journey through school. We currently use Target Tracker as do many other schools around the country.
- ▶ Teachers assessments in mathematics and reading will be externally set and internally marked, unless moderated by the Local authority.
- ▶ An externally-set test in grammar, punctuation and spelling will inform the teacher assessment of writing.

Reporting to parents at the end of Year Two

- ▶ Children will be reported by schools as:
- ▶ P scale (usually our children who have additional needs (SEN))
- ▶ Growing development of the standard (below expected standards)
- ▶ Working towards the expected standard
- ▶ Working at the expected standard
- ▶ Working at greater depth within the expected standard.
- ▶ Children will need to have “**consistent attainment**” of all **statements except handwriting** (at working towards and expected). They **DO** need to have met handwriting to achieve greater depth judgment.

Reading

- ▶ The reading test for Year 2 pupils will involve two separate papers:
- ▶ Paper 1 consists of a selection of texts totalling 400 to 700 words, with questions interspersed.
- ▶ Paper 2 comprises a reading booklet of a selection of passages totalling 800 to 1100 words. Children will write their answers in a separate booklet.
- ▶ Each paper is worth 50 per cent of the marks, and should take around 30 minutes, but children will not be strictly timed, as the tests are not intended to assess children's ability to work at speed.
- ▶ The texts in the reading papers will cover a range of fiction, non-fiction and poetry. They will get progressively more difficult towards the end of the test. Teachers will have the option to stop the test at any point that they feel is appropriate for a particular child.

Reading - Types of Questions

- ▶ There will be a variety of question types:
- ▶ Multiple choice
- ▶ Ranking/ordering, e.g. ‘Number the events below to show in which order they happened in the story’
- ▶ Matching, e.g. ‘Match the character to the job that they do in the story’
- ▶ Labelling, e.g. ‘Label the text to show the title’
- ▶ Find and copy, e.g. ‘Find and copy one word that shows what the weather was like in the story’
- ▶ Short answer, e.g. ‘What does the bear eat?’
- ▶ Open-ended answer, e.g. ‘Why did Lucy write the letter to her grandmother? Give two reasons’

Just in time they reached the island, and carried the basket ashore.

Frog lifted the lid. "This is definitely our lucky day," he said.

It was somebody's picnic...

"This is what I call an adventure," said Frog.

Monster ate and ate until he was full up. He stretched out in the shade of a palm tree.

Frog felt tired too. Soon they were both fast asleep.

12 How do you know that Frog was excited?

13 What did Frog find inside the basket?

14 Where did Monster go to sleep?

The Blackbird and his Wife

Once upon a time there lived a blackbird and his wife. They sang so sweetly that everyone passing beneath the tree would stop and listen. It was the most beautiful music; it was as though gold and silver rain were falling into your ears.

One day the king was passing and he heard the two birds singing. He said to his servants, "Catch those birds! I will keep them in a silver cage and they will sing to me." So the servants set a trap, but they only caught one of the birds: the blackbird's wife. They put her into a silver cage and hung her over the king's bed. But she was so sad that she wouldn't sing at all.

As for the blackbird, when he saw that his wife had been trapped, he was angry. He took a sharp thorn for a sword and took half a walnut shell and wore it as a helmet. With the other half, he made himself a little drum. Soon he was marching towards the palace, beating the drum: rat-tat-tat.

Plastics and the Environment

What is a plastic?

Plastic is a material we all use every day. The first plastics were made more than 100 years ago from parts of plants.

Plastics can be useful for people but bad for the planet. Here are some of the reasons.

Good points	Bad points
Plastics can be shaped into almost anything.	Plastics can be difficult to recycle.
Plastics are light and cheap to make.	Plastics can give off poisonous fumes when they melt.
Plastics can be produced in different colours.	Plastics are made from oil, which is running out.
Plastics do not rot.	Plastics do not rot.

END OF SPELLING TEST

KS1 mathematics test

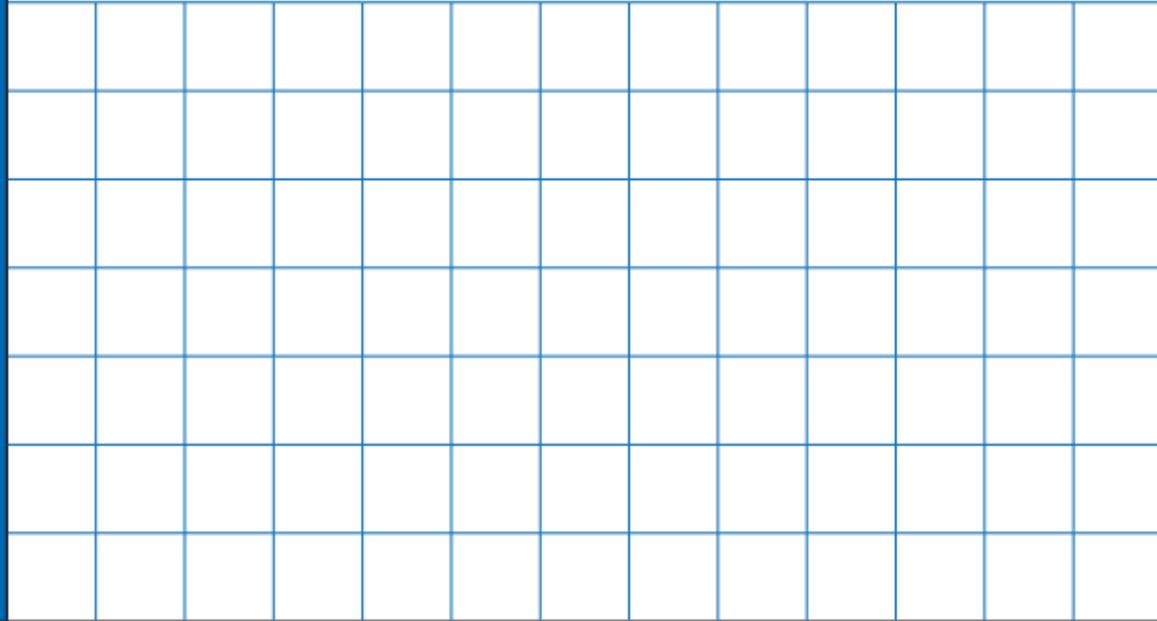

In mathematics at KS1, an arithmetic test has been introduced. There are two papers, Paper 1: arithmetic and Paper 2: reasoning.

Paper 1: arithmetic assesses pupils' confidence and mathematical fluency with whole numbers, place-value and counting. The test consists of a single test paper. It is expected that the test will take approximately 20 minutes to complete but it is not strictly timed.

Some items in the arithmetic test have grids in the answer spaces or working out spaces. The grids are there for questions where the pupils may benefit from using more formal methods for calculations.

Paper 2: reasoning assesses pupils' mathematical fluency, problem solving and reasoning skills. This test consists of a single test paper. It is expected that the reasoning paper will take approximately 35 minutes to complete but it is not strictly timed. The paper includes a practice question and 5 aural questions. After the aural questions, the time for the remainder of the paper should be approximately 30 minutes.
