

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Barnes Farm Infant School
Number of pupils in school	231
Proportion (%) of pupil premium eligible pupils	13%
Academic year/years that our current pupil premium strategy plan	2021/2022 to
covers (3 year plans are recommended)	2024/2025
Date this statement was published	Autumn 2022
Date on which it will be reviewed	March 2023
Statement authorised by	Z. Farmer
Pupil premium lead	E. Bentham
Governor / Trustee lead	K. Corbett

Funding overview

Detail	Amount	
Pupil premium funding allocation this academic year	£ 47,090	
Recovery premium funding allocation this academic year	£ 5,365	
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0	
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£1,036,395	

Part A: Pupil premium strategy plan

Statement of intent

Barnes Farm Infant School is determined to ensure that all pupils achieve and are given the highest standards of teaching and learning through delivering Quality First Teaching (QFT). Additionally, focussed support and pastoral care outside of QFT is given to pupils that require it so that they are achieving their full potential.

The allocation of budget for each pupil feeds into the school's budget for pupil premium, rather being ring fenced for an individual pupil. Some pupils will need more support than others and each pupil is individual with individual circumstances. The school considers how to allocate pupil premium money on an annual basis following rigorous data analysis and careful consideration of the needs of the pupils within this group.

We have a clear, strategic approach with an action plan with how to the use of Pupil Premium funding.

This is a three-tiered approach which begins with:

- Teacher and Support Staff CPD to ensure high quality teaching to ensure that they can meet the needs of all learners.
- Plans are then integrated into targeted wider school support and improvement systems. This may be in the form of 1:1 or small group intervention, targeted feedback and targeted academic support. Progress is then tracked for each individual child. Support and interventions are monitored and evaluated regularly, and in-depth data analysis ensures that the correct support and strategies are identified to maximise progress. This takes place in the form of regular pupil progress meetings, phase moderation and quality assurance agreements.
- Strong leadership ensures that Pupil Premium funding has the necessary impact on achievement, attendance and pastoral care. We have a designated Wellbeing provision - The Owlets Wellbeing Team who support pupils and their families to access outside agencies and opportunities in the wider community. The Owlets Wellbeing Team plan accordingly to meet the needs of those families who have been disproportionality impacted by circumstances which result in them becoming vulnerable or disadvantaged including the recent pandemic. This includes an identified governor having responsibility for Pupil Premium and a coordinated wider disseminated leadership approach to implementing plans. All matters relating to the Pupil Premium are reported back to Governors, ensuring that the school is held to account for the impact of spending. Ensuring all staff takes responsibility for Pupil Premium actions enables school to develop a strong, comprehensive and sustainable support package which leads to improvements in outcomes for all pupils. We will continue to use this funding to enrich pupil's experiences to help them become increasingly confident in all aspects of learning. The targeted and strategic use of the pupil premium grant will support us in achieving our aims and mission statement.

Our Key Principles

- Our BFIS ethos ensures that pupils are given the tools and strategies to become confident and resilient learners, not only in academic achievements but in their social and emotional development.
- We ensure that teaching and learning opportunities meet the needs of all our pupils by providing bespoke and carefully researched curriculum.
- We have high aspirations for **all** pupils.
- We believe that gaps in attainment between groups of pupils can be closed with the correct and appropriate provision.

Systems

• We will track the performance of all those pupils who are eligible for pupil premium funding and will seek to maximise their progress and attainment through quality first teaching (QFT), appropriate interventions and high-quality pastoral support.

• Some funding may be used for interventions or resourcing that will impact positively on the attainment and progress of all pupils or a year group/larger cohort of which the pupils eligible for pupil premium are a part.

All interventions will be rigorously monitored, and impact measured, though it is understood that it may be difficult to separate the efficacy of individual interventions.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

There is a wide range of factors that can impact on the educational achievement of individual pupils. However, we have identified whole school development of the teaching of English and Mathematics to significantly impact on the outcomes of those pupils eligible for pupil premium. In addition to the QFT of English and Mathematics, the following are also important areas to target from 2021-2022: Impact of school closure due to COVID-19, Learning Difficulties; Speech, Language and Communication Needs; Autism, Social and Communication Difficulties; Social Emotional and Mental Health Needs. The Pupil Premium funding will be used to support these needs and give additional support in the core subjects through intervention programmes and academic scaffolding to accelerate each pupil's progress from their starting points. In this way, 'gaps' in learning, which have occurred to these barriers, can be addressed. Funds are also used to employ a Family Support and Wellbeing Mentor who supports pupils with Social and Emotional barriers to learning.

Challenge number	Detail of challenge
	In-school barriers (issues to be addressed in school, such as poor oral language skills)
1	Many of our Pupil Premium children require support to develop reading and writing and skills further
2	Children have gaps in their mathematical understanding.
3	Many of our Pupil Premium children often have additional needs such as SEND (37% of Pupil Premium children are also on the SEN register).
4	Over 50% Pupil Premium children have poor communication skills, and this has a direct impact on their learning and emotional wellbeing.
	External barriers (issues which also require action outside school, such as low attendance rates)
5	Many of Pupil Premium children require intensive emotional support.
6	Attendance rates for many of our Pupil Premium children are lower than our non-Pupil Premium children.
7	Sometimes, parents/carers of Pupil Premium children often do not have the resources or skills to support or engage in their children's learning at school.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

At Barnes farm Infant School, we measure the impact of pupil premium funding additional interventions through our school tracking system. The school evaluates the impact on each pupil at the end of each assessment period. The evaluation focuses on the progress the pupil has made and their advances towards meeting National Expected standards in key subject areas. Interventions are carefully chosen for the pupil by the Headteacher, Assistant Headteacher(s)/SENCo and Leadership team member responsible for tracking those eligible for PPG, in conjunction with the class teacher. If expected progress is not being made when the pupil is being reviewed, we will then change to a different form of support.

Intended outcome	Success criteria
To improve outcomes for Pupil Premium pupils in	 Identify level of intervention needed
reading, writing and mathematics	 Track individual pupils using pupil pass- ports
Reading	 Develop LT tracking across year groups with clear roles and expectations
2022 Actual = 75%	 To develop the role of the Family Support and Wellbeing Mentor working alongside
2023 Target = 78%	PP(+) to raise academic achievement as well as supporting emotional wellbeing

Writing	
Writing	PP - To achieve 78% in Mathematics at the end
2022 Actual =60%	of KS1.
2023 Target = 69%	<u>PP - To achieve 78% in Reading at the end of</u> KS1.
<u>Mathematics</u>	PP - To achieve 69% in Writing at the end of
2022 Actual = 76%	KS1.
2023 Target = 78%	<u>PP - To achieve 86% in Phonics at the end of Year 1.</u>
Accelerated progress in Reading and writing across all phases.	Pupil Premium children will make accelerated progress from their starting points by the end of each year, in order to be in line with the progress of non-pupil premium children. This will be measured by the EYFS ELG, National end of Key Stage 1 Assessments and end of year teacher assessments.
Accelerated progress in Mathematics across all phases.	Pupil Premium children will make accelerated progress from their starting points by the end of each year, in order to be in line with the progress of non-pupil premium children. This will be measured by the EYFS ELG, National end of Key Stage Assessments and end of year teacher assessments.
Higher rates of progress for Low Attaining and High Attaining Groups.	Pupil Premium Pupils identified as low and high attaining will make as much progress as 'other' pupils identified as low and high attaining by the end of each Year. This will be measured by the EYFS ELG, National end of Key Stage Assessments and end of year teacher assessments. Writing judgements will be moderated internally and externally. Lowest Attaining pupils.
Higher rates of engagement and involvement for Pupil Premium pupils requiring additional emotional support.	Pupil Premium pupils will continue to develop positive learning behaviours. This will be measured via the Leuven Scales/Boxall Assessment/Strengths and Difficulties Questionnaire and ELSA Assessment.
Attendance Rates for Pupil Premium children will be in line with non-PP children.	To ensure Pupil Premium attendance remains in line with non-Pupil Premium children.
To develop systems to support home learning for Pupil Premium children.	A wider audience of Pupil Premium parents will be involved in their children's learning.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £38,005.00

Activity	Evidence that supports this approach	Challenge number(s) addressed
 QFT - Continued professional development for all staff members in particular BFIS English curriculum to address whole class reading, phonics and Write to Impress development. Total budgeted cost: £52,455.00

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

Our curriculum spending focussed on the following:

Our Leadership Team have played a significant part in making sure that our school had a positive impact on our children and our families in our community. They, along with the entire team, ensured that where possible our 3-tiered approach to meeting the needs of our most disadvantaged children were upheld and deployed.

At the beginning of the academic year, teachers liaise with PP Lead, SENDCO and pastoral team to ensure that PP children and any disadvantaged children were discussed and add to action plans. Actions identified quickly for them to keep up with their peers.

In Year 2, in reading we secured 39% at expected standard. Additional resources and Spelling Shed were used to support teaching and learning in class. Little Wandle 'Catch up' materials were used to close gaps between children and their peers.

Pupil Premium children took home extra books. Teachers read with pupils more in class and gave targeted support. These strategies were in line with our phonics programme Little Wandle phonics and reading scheme which supports this teaching.

- To ensure that every opportunity is given to PP pupils to achieve at least expected National Standard as indicated in the interim teacher assessment frameworks.
 To ensure that every opportunity is given to PP pupils to achieve at least expected progress in all subjects by the end of KS2 and therefore raise the achievement of pupils who are not on track to reach the expected National Standard at KS1.
- To ensure that for disadvantaged pupils, attainment is achieved at least at the expected standard or greater depth including those pupils in EYFS.
- To ensure that pupils in receipt of PP funding make at least the same progress or greater than their peers at the same starting point.

33% of children secured the expected standard in writing.

50% of children secured expected standard in maths. Maths Mastery and the six-part lesson helped to support learning and had an impact on the children's progress. This lesson structure and the focus on

new vocabulary is now adopted in all areas of the curriculum to secure more children secure basic skills in the year 2023-2024.

In Year One 86% of children secured age expected in the Year One Phonic Screen. 57% of PP children secured age expected. These children will continue to be supported with intensive and rapid intervention and support materials for parents at home.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England
