# From Year One to Year Two

- ▶ Assessments take place in the summer term and are passed on to the new Year Two team. These form the starting point for learning at the beginning of Year Two.
- ▶ The children will work towards taking their SATs assessments next May and will be regularly assessed against individual targets to ensure they are making good progress. There is a robust and continuous assessment process throughout Key Stage One so that teachers can quickly identify any gaps in learning.

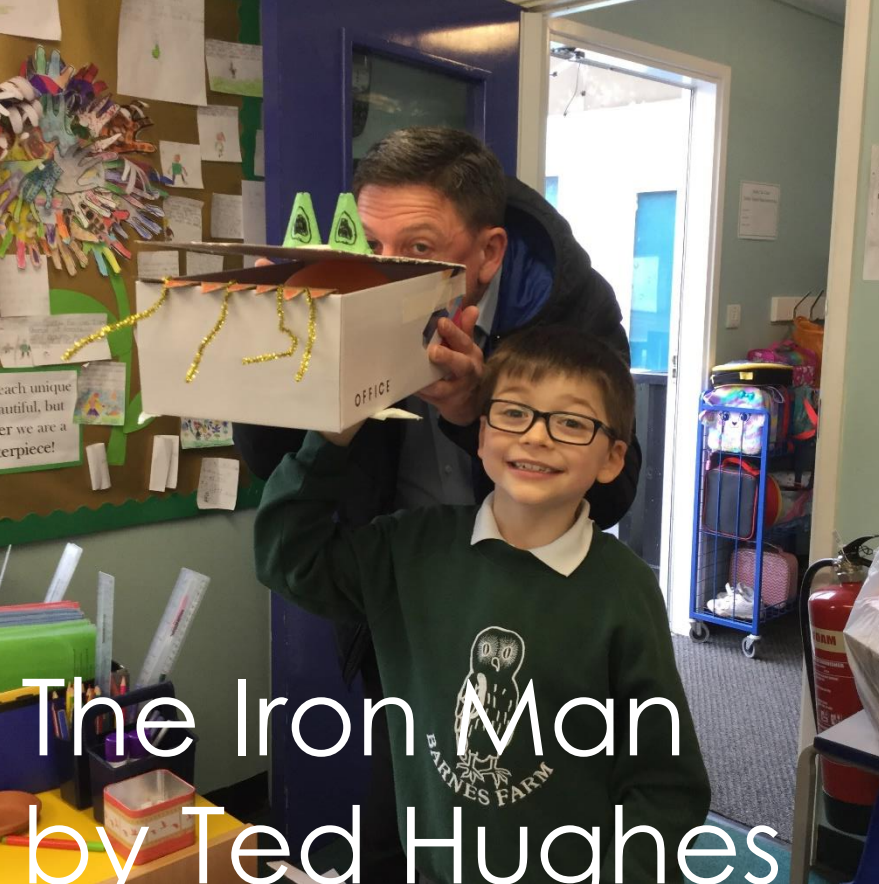

# We aim to...

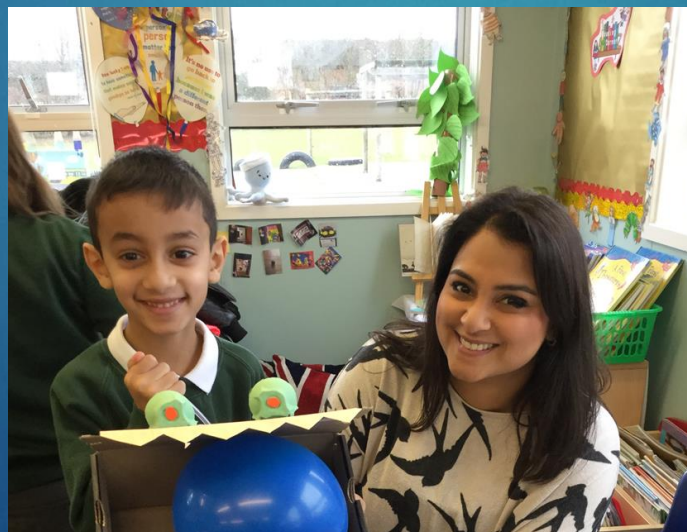

- ▶ To build confident learners who know how to move their learning on if they are stuck.
- ▶ To create learners who are not afraid to make mistakes and who can learn from the mistakes they make.
- ▶ To provide a curriculum which is fun and engaging and provides opportunities to develop personal, social and emotional skills which will last a lifetime.
