Maths (15 minutes)

This week we will be practising the skills you were using last week.

Use your number line to 20.

Today I want you to teach someone in your house about adding 2 to a number and taking 2 away from a number. Show them how to use the number line. See if they can go on to bronze for good listening and using the number line in the right way.

Remember if we teach others more things stick in our memory!

### Creative Task (15 minutes)

A portrait is a picture of a person. There are so many famous portraits in our world that have been painted by famous artists over hundreds of years!

Can you remember the self portrait of Vincent Van Gogh?

He used paint and looked in a mirror to make sure he painted himself really carefully.

That is your job today.

You can use paint, pencils, crayon, colouring pencils or chalk!

Look in a mirror! Wear a hat if you like, or bunny ears, a unicorn horn or nothing at all.

Good luck. We can not wait to see them.

**Don't forget to sign your work!**

Act of kindness task (you can take as long as you want)

Help someone in your house and tidy your bedroom.  
Do your toys need sorting? Do your books need to be tidied up?  
Do you need to tidy your socks?  
Go and check it out and make sure it is all looking fabulous!

Today's Story (15 minutes)

**Screen time warning.**

**While some tasks involve a device with a screen such as an iPad, computer, laptop, tablet, phone or TV, not all tasks will require such a device.**

**It is important that children do not spend too much time in front of a screen (learning or having some down time) and are enjoying other activities such as colouring, drawing, playing with toys, being active, reading and interacting with those at home.**

**Thank you.**
