

# Year 1

## Menu

Today's tasks

Date: Friday 1<sup>st</sup> May 2020

English – Writing (20 minutes)

WALT write instructions.

Write to Impress Day!

Can you use your instruction writing skills to write some instructions to explain how you made your minibeast hotel? Remember to use imperative verbs and time words to put each command sentence in the right order. Also, try not to say 'I' in your bossy sentences – you are telling someone to do something!

**Challenge Activity:** Can you write a 'What you need' list to go with the instructions?

Maths – Measuring (25 minutes)

WALT explore capacity.

Star Words: empty, nearly empty, full, nearly full, half full, more, less.

Have a go at these challenges. Talk to your adult about the problems. Don't forget to explain why you know and give your answers in whole sentences! No need to write it down – talking about Mathematics is very important.

## Introduce Capacity and Volume

More or less?

less

more

A has \_\_\_\_\_ than B.

C has \_\_\_\_\_ than D.

Put them in order from empty to full.

empty

full

Pour water to show each capacity.

empty

nearly empty

nearly full

full

## Introduce Capacity and Volume

Match the labels with the pictures.

half full

nearly empty

nearly full

Which labels are missing?

These are all half full so they all have the same amount of soap.

Do you agree?

Please make sure to take a photo of the practical activity for Seesaw.

Questions to ask your Mathematics Wizards:

Do these bottles have the same capacity?

Do they have the same volume of juice inside them?

Do the glasses have the same capacity?

Are they holding the same volume of juice?

Do the glasses have the same capacity?

What can you tell me about the volume of water in each one? Can you put them in order from empty to full?

Can you show me an empty/full container?

Can you change the volume so that it is nearly full/empty?

Use a different container to show these volumes: empty, nearly empty, nearly full and full.

Do these bottles have the same capacity?

Do they have the same volume of water in them?

Can you find the labels to match the different volumes of water? How can you work out which labels are missing?

Do the soap bottles have the same capacity?

Which one has the greatest/smallest capacity?

If each bottle were full, which would hold the most/least?

Do you agree with the girl? Do the soap bottles have the same volume of soap?

Could you use containers and water to make a challenge like this for your friend? What can you tell me about the capacity of the containers? Can you investigate these volumes: nearly full, nearly empty or full?

## Challenge Activity:

A taller container will always hold more than a shorter container.

What do you think?

## Phonics (15 minutes)

Spend 10 minutes working on through some more pages from the Phonics booklet.

Play Bowling Alley game to practise Phase 4 Blends:

## Active Task

Have a go at using things in your house or garden to make an obstacle course. Add in points where you have to do some exercises or stretches. When it's finished, teach someone how to complete it.

## Creative Task (10 minutes)

Can you put on a performance of your song for your family?  
Dress up and make it into a show! Get other members of the family involved.  
Have they got a song or a dance they can do? Have fun and be silly!

## Act of Kindness Task

Use the phone to call someone you care about and have a chat. Ask them how they are and tell them what you have been doing.

## Today's Story

Tune in for another CBeebies bedtime story.

<https://www.bbc.co.uk/iplayer/episode/m000hqxy/cbeebies-bedtime-stories>

Log on to Big Cats and read one of your colour banded books. Don't forget that it's fine to re-read books and get super confident!

HAPPY READING BOOKWORMS!

### Topic Task (15 minutes)

Finish off our Minibeast topic by using 2paintapicture to draw a colourful minibeast picture.

Log into Purple Mash using your password in your **purple book** and click on 2dos. Don't forget to hand it in so I can see it! 😊

### Screen time warning.

While some tasks involve a device with a screen such as an iPad, computer, laptop, tablet, phone or TV, not all tasks will require such a device.

It is important that children do not spend too much time in front of a screen (learning or having some down time) and are enjoying other activities such as colouring, drawing, playing with toys, being active, reading and interacting with those at home.

Thank you.
