Topic Task (20 mins)

What kind of animals and insects can you see in a tree?
Find a tree in your back garden or out on a walk. Observe it for a few minutes and record in a notebook or paper, how many different animals, birds, insects etc. Discuss why you think that tree and animal go well with each other.

Screen time warning.

While some tasks involve a device with a screen such as an iPad, computer, laptop, tablet, phone or TV, not all tasks will require such a device.

It is important that children do not spend too much time in front of a screen (learning or having some down time) and are enjoying other activities such as colouring, drawing, playing with toys, being active, reading and interacting with those at home.

Thank you.
